

**The 4th Annual
Green Building Festival**

Sept 9 & 10, 2008

Toronto Congress Centre

INFORMATION FOR PROSPECTIVE EXHIBITORS

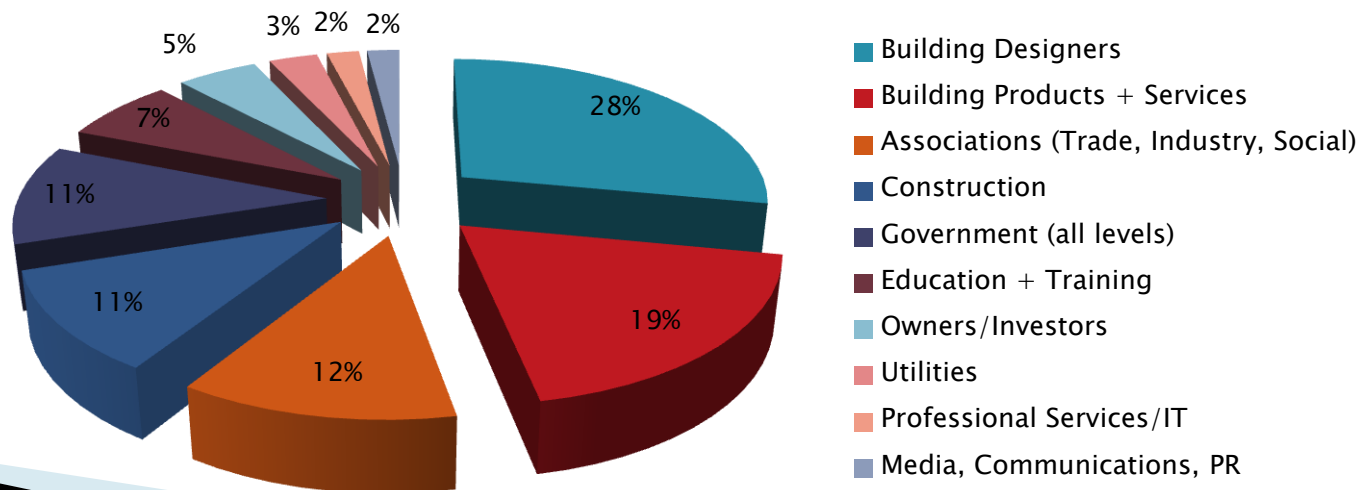

CANADA'S LARGEST ANNUAL GREEN BUILDING EVENT

The Green Building Festival is renowned for its high quality, in-depth programming designed for building professionals. GBF sessions go beyond theory and emphasize proven performance, measurable results and go-to-market strategies. The Green Building Festival will host a number of exciting seminars designed to **educate, empower, inspire** delegates by giving them tools that they can apply today to build better, high-performance, environmentally intelligent buildings.

WHY EXHIBIT?

Be in the center of the action! This year's conference and trade show is expected to be the biggest yet. Last year over 1000 people came through the show and this year promises to be even better. Build you business, and reinforce your reputation as a green building leader. The Green Building Festival audience represent hundreds of leading professionals from all areas of the green building market.

WHO ATTENDS?

EDUCATION & NON-PROFIT EXHIBITION OPPORTUNITIES

This year, Sustainable Buildings Canada (SBC) educational members are invited to showcase student works with an intensive focus on sustainability. Whether it be urban planning, architecture, design, or engineering, Educational members can present their student's work as evidence of their success. Are you guiding your students down a sustainable career path? Let the professional world meet the best and brightest of the next generation of green building leaders. Only available to SBC Education Members.

There are a limited number of opportunities for SBC non-profit association members to exhibit at a discounted rate. [Click here for application details.](#)

[More Info on SBC Membership](#)
